

# New requirements of Machine Council Directive MD 2006/42/EC

According to MD 2006/42/EC for machinery as well as partly completed machinery brought into circulation into the European Economic Area EEA first time, from 29<sup>th</sup> of December 2009 new legal requirements will apply.

Amongst others in your Declaration of Conformity respectively in your Declaration of Incorporation there has to be mentioned

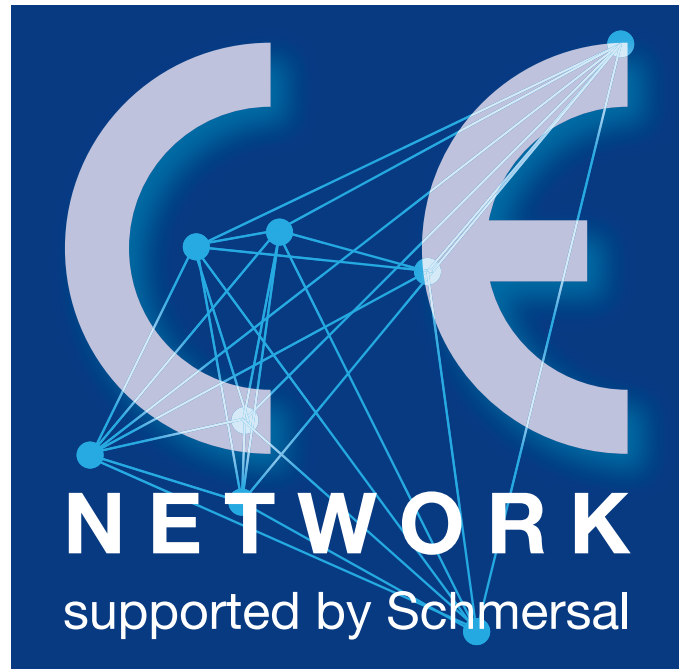

*... name and address of the person authorised to compile the technical file, who must be established in the Community (we call it “CE-attendant”).*

SCHMERSAL's CE-network can be of assistance if you need any support in context with the new requirement mentioned above or in context with MD 2006/42/EC generally.

The CE-network is an informal pool of engineering consultants specialized into matters of occupational safety and health as well as safety of machinery initiated and supported by SCHMERSAL to provide those services to customers and prospects. Further information: [www.schmersal.com](http://www.schmersal.com) → EN-version → CE-network → EN-version

The following partners of the CE-network (see reverse) are able to communicate in the English language and would be happy to assist you.

Please contact any of CE-network partners:
